MASTER OF SCIENCE IN OCCUPATIONAL THERAPY

Purpose of the degree

To provide entry-level occupational therapy education for individuals who (after program completion and fieldwork) will be eligible to sit for certification as an occupational therapist by the National Board for Certification in Occupational Therapy (NBCOT).

Length of program

24 months (74 graduate credit hours) of professional course work and field work presented in a full-time day format, starting in June each year.

Prerequisite coursework requirements:

• Human Anatomy with lab*	• Abnormal Psychology
• Human Physiology with lab*	• Life Span/Human Development Psychology [^]
• Statistics* (must include inferential)	• Introductory Psychology
• Introductory Sociology or Introductory Anthropology	• Medical Terminology (minimum 1 credit hour)

* courses must be completed not more than 7 years prior to application deadline.

[^] Course must include entire lifespan of human development from conception to death (infant to old age); multiple courses may be required.

ALL prerequisite courses must be a minimum of 3 credit hours (with the exception of Medical Terminology, which is a minimum 1 credit hour). Coursework must be completed with a grade of 'C' or higher. All science courses must be at a level for science majors and include a lab. Online courses are accepted except for science courses with labs.

Admission Requirements

- OTCAS application (www.otcas.org) accepted July 19th to October 1st, and must be in "Complete" status by October 1st.
- IUPUI Graduate Application also required, accepted July 19th through October 1st.
- Baccalaureate degree from a regionally accredited institution, in any major, required by June 15th prior to start of program.
- No more than one (1) prerequisite remaining for completion by deadline of October 1st; must be completed by May 31st of the entrance year. **Beginning with the 2016 application cycle, the outstanding prerequisite cannot be Human Anatomy with lab, Human Physiology with lab, or Statistics.**
- Minimum Cumulative GPA of 3.2. **GPA's will be calculated by OTCAS.** All undergraduate and graduate course work is included in cumulative grade point average calculations.
- Minimum Prerequisite GPA of 3.2. **GPA's will be calculated by OTCAS.**
- Observation of OT practice. A minimum of 12 hours among three (3) different settings (hospital, school system, home health, clinic, etc.) is required. Must be supervised by an OTR or COTA using the IU observation form.
- International applicants, or applicants with foreign transcripts, must meet additional requirements as determined by the IUPUI Office of International Affairs, <http://iapply.iupui.edu/>.
- Admission Interview- First Saturday of December.
- Detailed application instructions and information can be found on the IU MS in OT website: <http://shrs.iupui.edu/admissions/apply/ms-occupational-therapy/index.html>. Please review all requirements before submitting application.

Applicants are extended an offer of admission based on an evaluation of their cumulative and prerequisite GPA and interview. The top 36 applicants will be offered a place in the Program.

Credit Retake Hours

Students are approved to retake up to 15 hours of prerequisite courses, and the higher grade will be used to calculate the prerequisite GPA. Cumulative GPA will include each course completed according to the institutional repeat policy where the course(s) were repeated.

Advanced Placement (AP) Credit/Dual Credit

High School Advance Placement (AP) credit appearing on official college transcripts is accepted if score is 3 or higher. If the AP credit is for a prerequisite course, the course is omitted from the prerequisite GPA. For dual credit courses, the course title must appear on an official college transcript with letter grade.
