Fall 2016 Tuition and Billing
NOTICE TO ALL STUDENTS ENROLLED ON THE INDIANAPOLIS AND COLUMBUS CAMPUSES
Beginning with the fall semester 2016, the student billing due dates are being moved forward approximately three weeks giving you additional time to pay! Starting in August, 2016, student account statements will be available on the third Thursday of each month, with a due date of the 10th day of the following month. For example, for the fall semester 2016, your first bill will be available on August 18, 2016… two weeks later than fall 2015 and six days AFTER your financial aid has been disbursed! The due date for the first fall bill will be September 10, 2016. Compared to the fall 2015 student bill, that’s 23 extra days to pay! These dates are being changed as part of the IU Common Calendar initiative and all IU campuses will now be on a consistent billing and due date cycle. To see the detailed billing and due date calendar for the 2016-17 academic year, visit the Billing and Due Dates Frequently Asked Questions on our website at http://bit.ly/1qk2Y3V (bursar.iupui.edu/changesFall2016.asp).

Physician Assistant Virtual Fair (Click to learn more and Register | IU SHRS will be participating in this fair)

Physician Assistant Shadowing Opportunities
Shadowing play a vital role in a decision to pursue a career as a physician as well as a VERY important role in medical school application. Though not an official requirement for admission, a student has a much higher chance with a significant amount of shadowing hours.

For students interested in being a part of a course and externship program in order to highlight their physician shadowing experiences (and insight about the application process, MCAT, “short cuts”, and other helpful advice) please join me and current program students for an informational/call out meeting.

Date: Friday, April 22nd, 2016
Time: 1:30 PM - 3:00 PM
Location: UL 1126 Conference Room

Anthem Sales Force Internships – Fall 2016
Interns should be prepared to work in a fast-paced team environment and will finish the paid internship having obtained broad experience in various aspects of insurance to include medical and dental products. This role will be responsible for selling individual products and providing high level customer service. Applications are accepted online by clicking here.

Full and Part-Time Job Opportunities at the Indiana Donor Network
Are you looking for an exciting career opportunity to use your knowledge and skills to save and enhance lives? Do you want to work toward a mission that creates an amazing legacy?

As a Clinical Support Coordinator you are the first step in the organ/tissue donation process! In this position you are responsible for obtaining recorded appropriate informed telephone authorization and comprehensive medical and social history risk assessment with families of patients who authorize donation.

You’ll have the opportunity to execute all elements of case coordination for tissue cases and shared organ cases to provide seamless transitions and effective case completion.

You’ll be responsible for providing accurate information to both internal and external customers in a timely and efficient manner. You’ll have completed one year of allied health care technical or professional program with current certification, or Emergency Medical Technician, or Hospital Corpsman, or Associates degree level study with an emphasis in allied health or science field, or Licensed Practical nurse or NREMT-P of a minimum of one year of previous work experience in screening or approaching organ and/or tissue donors at another OPO or tissue bank. Background in family/bereavement counseling, psychology, or social work is beneficial.

Passion is required.
