UNDERGRADUATE CERTIFICATE
IN NUTRITION

The Undergraduate Certificate in Nutrition prepares students to understand and sort nutrition fact from nutrition fiction. Upon completion of the Certificate in Nutrition students will be able to make well-informed nutrition choices for themselves, their families, their clients, and patients.

Length of program
The Undergraduate Nutrition Certificate requires twelve (12) credit hours. All courses are offered online in fall and spring semesters. A minimum grade of C (not C-) must be earned in each course to successfully complete the Undergraduate Certificate in Nutrition.

Undergraduate Nutrition Certificate Plan of Study

<table>
<thead>
<tr>
<th>Courses (all are required)</th>

Note: SHRS N 265 or HPER N 220 is the prerequisite course for all additional nutrition courses required in the certificate. SHRS N 265 or HPER N 220 may not be taken concurrent with SHRS N 365 or SHRS N 420. After successfully completing SHRS N 265 or HPER N 220, the student could enroll in SHRS N 365 and SHRS N 420 in the same semester.

The Undergraduate Certificate in Nutrition serves two student audiences:
- Students preparing for professional programs in the healthcare like Nursing, Occupational Therapy, Physical therapy, Medicine, Dentistry, or other health-related fields, such as Kinesiology.
- Students interested in improving their own health and the health of the community.

Admissions Requirements and Additional Information:
- In order to be accepted into our Undergraduate Certificate in Nutrition, you must be admitted to IUPUI as an undergraduate student or non-degree seeking student. If you are not currently admitted to IUPUI, you will need to complete the admission requirements established by IUPUI, and where applicable, the Office of International Affairs. For more information, visit admissions.iupui.edu/apply.
- Courses in the undergraduate certificate in nutrition can be used to fulfill requirements for the Bachelor of Science in Health Sciences. If you are interested in the Health Sciences degree, please contact the Office of Undergraduate Admissions or your advisor.
- Contact the School of Health and Rehabilitation Sciences Office of Student Enrollment Services at 317.274.4702 or shrsinfo@iupui.edu for more information or to schedule a counseling appointment.

FULFILLING the PROMISE
The Japanese program at IUPUI will be offering a study abroad program, "Japan: Health Care Professions" in Summer 2018. The program is open to undergraduates in the health care disciplines: Social Work, Science (psychology, Pre-Med), Nursing, Public Health, Health and Rehabilitation Sciences, and Liberal Arts (medical humanities, medical sociology; health communication). Students in the five Indiana University Schools are eligible. For detailed program information, please visit the link below.
https://iabroad.iu.edu/istart/controllers/inquiry/Flyer.cfm?programID=615

The application deadline is January 31st, 2018. Application information can also be found at the above website.

There are many financial aid resources for which you may be eligible that are applicable to program costs. Please contact the administrators who oversee your financial aid and scholarship(s) for details on how to use these funds for this study abroad program. Also, visit abroad.iupui.edu for information about financial aid and scholarship opportunities specific to study abroad.

Volunteer Opportunities, Internships, and Job Openings
DOCTORS SAVE LIVES.  
SCRIBEAMERICA  
SCRIBES SAVE DOCTORS.  

“Being a scribe is a perfect job for anyone wanting to pursue a career in medicine. The job is not only a tremendous learning experience, but you're actually making a difference by assisting the doctors to be more efficient so they can focus more on the quality of care for their patients.”  
AMY HOGAN, 2010

WHAT IS A MEDICAL SCRIBE?  
A Medical Scribe is a revolutionary concept in modern medicine. Traditionally, a physician’s job has been focusing solely on direct patient contact and care. However, the advent of the Electronic Health Record (EHR) created an overload of documentation and clerical responsibilities that slows physicians down and pulls them away from actual patient care. To relieve the documentation overload, physicians across the country are turning to Medical Scribe services.  
A Medical Scribe is essentially a personal assistant to the physician; performing documentation in the EHR, gathering information for the patient’s visit, and partnering with the physician to deliver the pinnacle of efficient patient care.

WHY BECOME A MEDICAL SCRIBE?  
For someone interested in medicine, whether it is a personal interest, or part of a career goal to become a physician or physician assistant, the chance to become a Medical Scribe is unlike any other opportunity available. It offers exciting one-on-one collaboration with a physician, and is unprecedented in its level of exposure to real medicine in practice.  
A background in Medical Scribing is quickly becoming the standard for pre-medical experience, and is suggested by medical school acceptance committees across the country. The competition to become a Medical Scribe is intense, and the demand for Medical Scribe services across the country has never been higher.

Visit scribeamerica.com/apply to see if we are hiring in your area.

WHAT WE EXPECT  
Intelligent candidates who can work positively and cooperatively amidst a stressful and unique environment.  
You need to have good penmanship and computer skills, your medical expertise is not required but is an added bonus. The following traits are required for they are not easily learned:

WHAT WE EXPECT FROM YOU:  
- Responsibility  
- Confidence  
- Maturity  
- Punctuality  
- Ability to multitask  
- Self Motivation

COMMITMENT:  
Commitment to ScribeAmerica: 2 years part time 8-12 shifts per month or 1 year full time 16-20 shifts per month.
Medical Scribe - ScribeAmerica

ScribeAmerica is currently looking to recruit students/alumni to work as Medical Scribes in Carmel, IN.

The scribe will work one on one with board certified physicians assisting with documentation for each patient evaluated by the doctor. It is an exceptional opportunity for anyone interested in medicine to gain first-hand experience following a physician in an emergency department setting.

Scribe offers paid classroom & clinical training. Each employee will have multiple training sessions both in the classroom and the department during which we teach extensive medical terminology and appropriate medical/legal charting documentation.

For more information visit www.scribeamerica.com

Internship: Project Coordinator - Covance

At Covance, we offer real work assignments that compliment an education in STEM+ Healthcare disciplines, are challenging and recognized to the organization as valuable. Our interns have the opportunity to showcase their work, allowing them to demonstrate their achievements to Covance senior management, their supervisor, and mentors. Each intern class participates in a group philanthropic project allowing them to see firsthand how Covance is dedicated to its community. In addition, Covance encourages professional development and career exploration through program workshops, each designed to help students prepare for a thriving career in our industry.

https://goo.gl/Tygyxd

Internship: Cook Medical

Cook Medical in Bloomington, IN is hiring interns related to roles in marketing, communication, HR, quality systems, environmental health & safety, and more. Interns are provided with a one-time housing stipend, coaching/professional development, intern events, and hands-on experience with meaningful projects. The internship application deadline is Friday, October 20th.

Tyler Ewigleben will be on campus Wednesday, 10/18 and Thursday 10/19 to meet with any student interested. To meet, students should fill out our connection form, Tyler Ewigleben will follow up with a calendar invite.

https://www.cookmedical.com/

Internship: Xtern (TechPoint)

The Xtern program is awesome and includes: a 10-week paid internship + free downtown housing with other Xterns + professional networking + social events. The best part? Xtern is working with Ascend to find talented students to jump into sales, marketing, and project management internships with high-growth tech companies in Indy!

Here’s how to apply:

- Complete online application by midnight this Monday. I’ve included a few application tips below:
  - There is a question about which technologies you know – the TechPointX team asked that Ascend candidates select “Other” and type “N/A” into the box.

When asked to select where you heard about the program select “Other” and type “Ascend” into the box. This will help them flag your application to make sure it is reviewed quickly.
