**Anonymous Survey Study Participants Needed**

Take it; it is anonymous and will take 10-15 minutes. Thanks for considering!

**Interested in young people aged 14-24 and their experiences.** Please click on this link to the survey if you would be interested in and willing to study to validate a measurement instrument for people's attitudes and expectations about massage therapy. The study is specifically designed for students a research internship with her Massage Therapy Research lab. As part of this program, the students have been working on a survey to investigate these attitudes and expectations.

**This summer, our school’s Dr. Munk is working with the Indiana CTSI Project STEM’s SEED program which has given two high school students a research internship with her Massage Therapy Research lab. As part of this program, the students have been working on a survey to investigate these attitudes and expectations.**

**Have a student success to share? Email DoMonique Brock at kdferrel@iu.edu! We are happy to celebrate your success!**

**Keeley Fischer**
**Ashley Porter**
**Courtney McGrew**
**Briana Dean**
**Samantha Northern**
**Misbah Irfan**
**Ashton Dillon**
**Makenna Adams**
**Karly Jones**
**Jocelyne Hernandez**

**Congratulations to the following 10 students listed below who have been accepted into the LHSI for the 2017-2018 academic year. With just 5 students in the program last year, the number of participants has doubled.**

**2017 Life Health Science Internship Recipients**
